

It's a Great Time to Open an IRA!

With the tax season just around the corner, right now is the perfect time to contribute to an IRA. You have up until April 17th to make an IRA contribution and still claim it on your 2011 tax returns.

If you are coming close to retirement &/or looking to rollover a captive 401k, a great option to consider is an IRA Savings account, which you can open with as little as \$100 and that currently yields an attractive 1.95% APY*! One of the great advantages of this account is that you can make contributions to it throughout the year.

IRAs are designed to be long-term, tax-advantaged retirement accounts for individuals and help you keep more money for yourself and pay less to Uncle Sam. If you would like additional information about our IRA products or would like to open an account, please call us or stop by our office today!

Note: Always check with your tax advisor before opening an IRA.

*APY: Annual Percentage Yield. Rates subject to change at any time without notice.
