

Skip a Loan Payment

Running a bit short on your cash this month? Would you simply like to take a vacation from your loan payment? You can!

With our **Skip-a-Payment** program, you can request to skip up to 2 loan payments per year.*

Maybe money is tight because of an unexpected expense, or you need cash for some other purpose. Whatever the case isn't it great to have the option to skip a payment when you choose? We think so!

Need a break this month? Simply call or drop by our loan department for more information. There is a fee of \$25 for each skipped payment and all of your loans with us must be current at the time when the skip payment is requested.

For more information about this program or to [request a loan skip right away](#), contact our loan department at (626) 351-9651, option 1.

*Skip-a-Pay does not apply to Visa® or Real Estate loans. \$25 fee must be paid in advance by check, savings account, money market, or may be added to loan balance. All PSFCU Loans must be current in order to qualify. Please contact the loan department for a full list of terms and conditions.
